Good Morning,

I am Lt(N) Mike Dempsey and I was put in contact with Rich by my CO, Cdr Canuel in order to track down addresses for previous Commanding Officers, Executive Officers, and Coxswains. I have managed to track down a number of them, but am still missing a few. Rich thought that you would be able to help me find the rest. I will attach a list of CO's and XO's I am missing, but I do not have any of the Coxswains earlier than 2003, or even the names of who served in that position except two. If you have any information regarding any form of address or email, or know anyone who would, it would be greatly appreciated.

Thank you,

Lt(N) Mike Dempsey
